## Chevy Chase Resident Delivers a Gem in Downtown Bethesda

# THE BRODY

*The Brody, located at 4901 Montgomery Lane, is nestled in a tranquil tree-lined oasis while also steps away from it all – the Metro, the shops at Bethesda Row, Giant, Equinox and The Bethesda Farmer’s Market.*

Ashley Wiltshire, a resident of Chevy Chase Village for the past 10 years and the President of SJG Properties, is proud to be delivering a brand new rental apartment building around the corner in downtown Bethesda. The Brody was conceived from the desire to create an intimate, high-end, boutique-style apartment building that would cater to empty nesters, professionals as well as families looking for a more personal, service-oriented rental apartment building in the heart of downtown Bethesda.

SJG Properties is headquartered in downtown Washington DC. It has been an innovator in real estate development and

property management in the Washington Area since founded by Ashley Wiltshire’s father, Jon Gerstenfeld, in 1965. Since inception, SJG Properties has taken great pride in developing pedestrian-oriented communities in the Washington area. The Brody is the first building that SJG Properties has built in

Bethesda and retains the distinctive qualities that have built SJG Properties reputation over the past 50 years – an eye for detail, impeccable customer and high-quality construction. For further information on the Brody feel free to visit the website [www.brodyapts.com](http://www.brodyapts.com) or call 301-347-7187.
